Connecting and protecting patients, clinics, offices, or field specialists requires solutions that fit the way you work and grow. HIPAA compliance and a strong BAA are essential, but you need more.

OneCloud™ Healthcare is a comprehensive suite of analyst-acclaimed communication and computing services that:

- Seamlessly connect multiple locations for collaboration and mobility
- Improve the patient experience and drive customer satisfaction
- Reduce costs while increasing functionality and scalability
- Ensure HIPAA compliance with HITRUST certification

That's why more than 250 providers and business associates – including hospitals, clinics, specialty practices, software firms, and device manufacturers partner with us.

Why Trust Evolve IP?

One of the world's fastest growing cloud strategy companies, Evolve IP provides best-of-breed cloud solutions to more than 1,500 enterprises across the globe and to more than 350,000 users. We provide services to firms in virtually every industry with a core focus on the compliance-driven healthcare marketplace.

Many of the world's most recognizable brands rely on the company's Evolve IP OneCloud™ strategy to migrate multiple integrated cloud computing and cloud communications services onto a single, unified platform including: disaster recovery, contact centers, IP phone systems / unified communications, virtual desktops, IaaS, and more.
